# Acclaim Walk-in Tile Shower Solution with Channel Drain

## Premade and Custom

### ACCLAIM WALK-IN TILE SHOWER

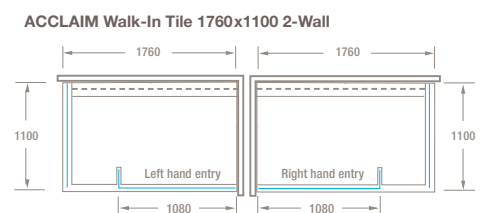

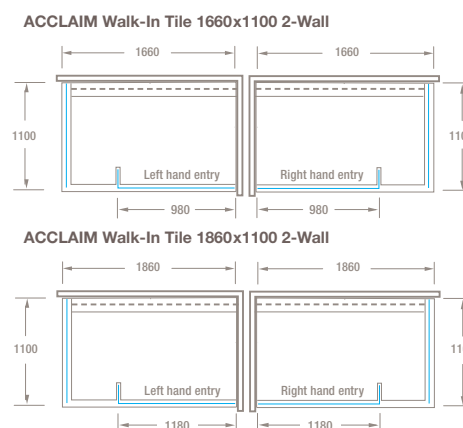

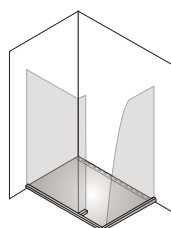

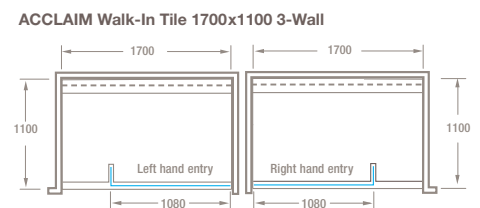

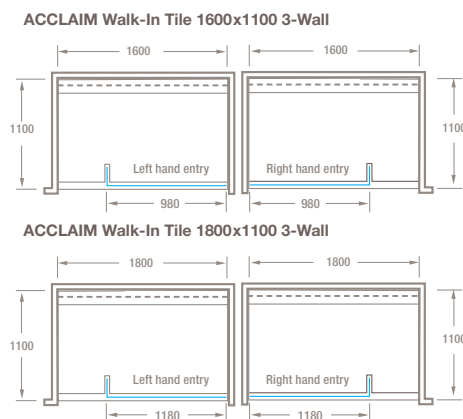

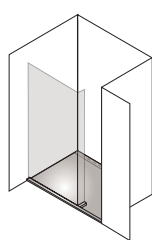

- Made in New Zealand.
- 10mm safety glass to New Zealand standards.
- 1950mm high glass panels.
- Standard with curved edged glass.
- Standard 60x60mm sill.
- Able to be adapted for use with a Newline ProFinish™ Level Entry Tray. Refer to page 61.
- Wet area shower.
- Please be sure to state left or right hand entry when ordering your walk-in shower.
- Select from one of our pre-sized designs or order a shower to your own custom requirements. Refer to page 77-78 for details.
- Sealant pack included.

### NEWLINE PROFINISH™ TILE TRAY WITH CHANNEL DRAIN

- Made in New Zealand.
- ProFinish™ tray simply glues to the floor. (NB. Tray must be installed on a clean, flat even surface)
- Guaranteed continuous slope to waste.
- Supplied with Newline Channel Drain Kit. Refer to page 80. Please state left or right side drain when ordering 2 sided and neo angle showers.

- Custom position of Channel Drain available (As shown in picture). Refer to page 64-78.
- Diagrams show back wall Channel drain.
- No time wasted waiting for sand and cement screed to dry.
- Simplifies the resource consent process.
- No need for expensive structural floor changes.
- Manufactured from light weight rigid polyurethane.
- The Newline ProFinish™ rigid polyurethane shower tray will hold its form and shape for 20 years if protected from moisture by an approved waterproofing membrane which has been applied by an approved waterproofing applicator.
- Acoustically superior to sand and cement.
- Refer to product information details on page 56-78.
- All dimensions from lined wall to outer edges of ProFinish™ Tray nominal.
- Tile thickness will affect overall height and depth of shower.
- Custom options available. Refer to page 77-78 for details.
- Supplied with glue pack to fix ProFinish™ Tray. NB. Warranty void if recommended glue and sealant not used. Refer to page 75.
